ACCREDITED ACH PROFESSIONAL PROGRAM GUIDELINES FOR REPORTING CONTINUING EDUCATION CREDITS
(As Approved January 1, 2018)

General Guidelines: In order to retain AAP status, an AAP must earn sixty (60) continuing education credits within the five-year accreditation period, with no more than twenty (20) credits earned in any one year.

The reporting year for AAP renewal credits is January 1 to December 31. AAP continuing education credits must be reported annually. Submissions of all continuing education reporting forms and required fees must be received by NACHA no later than March 31 of the calendar year immediately following the year in which continuing education credits were earned. AAPs are not required to submit supporting documentation with the continuing education credit reporting form. However, each AAP must maintain records documenting AAP continuing education credit activity for three years following the date reported. An audit of AAP renewal credits is conducted annually by NACHA, and candidates who are audited will be required to submit documentation for continuing education credits filed with NACHA. Examples of acceptable documentation include copies of registration forms or programs for seminars and training sessions, copies of articles written, etc. Any credits that cannot be documented by the AAP during the audit process will be disqualified. NACHA will send an annual Statement of Credits summarizing continuing education credit activity each spring. Each continuing education credit reporting form must be signed by the AAP and must be accompanied by the appropriate processing fee.

Late Filing Policy: AAPs who miss the March 31 filing deadline for submitting their continuing education credits may submit their credits during the late filing period of April 1 through April 30. Such submissions must include the regular filing fee AND a late filing fee of $50. Any credits received by NACHA after the April 30 late filing deadline will not be eligible for credit.

POLICIES FOR EARNING CONTINUING EDUCATION CREDITS: Only educational activities covering ACH and related payments issues are eligible for AAP renewal credits. Eligible topic areas are covered in the AAP Handbook and include the following six general ACH topic areas (NOTE: Should questions arise during data entry regarding credits submitted, NACHA will contact applicants for clarification):
